

The Fostering Success Program builds a sense of belonging and support among independent students that encourages growth and success for them in college and beyond. It is because of your generosity and support that we have been able to provide this foundation for students. While the need from students will never go away, we, too, will be here to help them through - thanks to you."

# YOUR GIFTS MAKE A DIFFERENCE IN THE LIVES OF STUDENTS

“I received my care package today, and I just want to say thank you so much! I truly feel taken care of when I receive these, and the items inside of them make me feel so warm. I want to thank you all so much for what you do to help people like me!”

“I’ve been meaning to reach out since I moved in to thank you for all the support and things FSP offers! I think what you are doing is amazing, especially for students like me. It truly made my day after having a couple of bad days.”

“This program has helped me so much this semester. I don’t think I would still be enrolled at CSU if I was not in FSP. My mentor is such a great mentor and friend. Every time we have talked, I feel so much better; such a great listener, and our meetings are always filled with laughs. The care packages were an amazing help when in quarantine. Absolutely one of the best programs I’ve been in; everyone truly cares about your health and success.”
